Deputy Chief, Special Projects Staff/ODP

SUBJECT : Special Projects Staff Weekly Status  
Report for Week Ending 24 March 1981

1. SAFE

25X1 A. On 19 March 1981, Mr. [REDACTED] met with  
Mr. [REDACTED] the Agency System Architect, to discuss  
various software areas of interest.

B. Eighteen Consolidated SAFE Project Office  
personnel travelled to the Torrance, California, Development  
Facility to participate in the Preliminary Detailed Design  
Review (PDR) which is being held on 23 March through  
1 April. Representatives of the DIA, MITRE and OCR/SAS  
are also attending the review. Five additional CSPO  
personnel will be travelling to the facility later in  
the week. [REDACTED]

2. ADSTAR

A. Three additional sections (4, 5, and 7)  
of Volume III, the SAS System Design, were received. The  
first internal review meeting will be held next week.

25X1 B. The amount of dirt and dust in the CSS  
computer area has been reduced; however, it still remains  
a problem.
